Why are you interested in serving on the commission? \_\_\_\_\_

I have owned a home in Frisco for 10 years and love this town. I moved to Frisco full time in December 2022 to open a business because I love this community. I would like to be a part of the future of this community and I think this would be a good start in adding my time and talents to the town.

Why do you believe you are qualified for appointment? \_\_\_\_\_

I have owned my own business for over 24 years as a CPA. I have built commercial spaces in Denver and currently finishing construction on a business in Frisco. I believe with my accounting background and my knowledge of construction I could be an asset to the planning commission.

What training, experience, education, or skills do you have that would enhance your ability to serve on the commission? \_\_\_\_\_

I hold an active CPA license in the state of Colorado which is helpful for tax knowledge and general business knowledge. I have a good general knowledge of commercial and residential construction from prior building projects I have commissioned for personal and business. I work well in groups and like being part of a team.

What do you think are the major issues facing the Town of Frisco? \_\_\_\_\_

Slowness in reaction and processes to move the town forward for business as well as individuals.
