RE: AN ORDINANCE APPROPRIATING SUMS OF MONEY TO VARIOUS FUNDS AND SPENDING AGENCIES, IN THE AMOUNT AND FOR THE PURPOSES SET FORTH IN THE ADOPTED BUDGET FOR THE TOWN OF FRISCO FOR 2025
DATE: OCTOBER 22, 2024

Summary & Background: It is with pleasure that we present Ordinance 24-15 to appropriate sums of money to various funds and spending agencies, in accordance with Local Government Budget Law. As a blended component unit of the Town of Frisco, the proposed budget includes any and all appropriations for the Frisco Community Housing Development Authority.

Analysis: This ordinance adopts expenditures totaling \$54,154,126. Estimated revenues and reserves of \$90,584,598 are adequate to meet those expenditures, leaving a total estimated ending fund balance of \$36,430,473 at the end of 2025. Detail of this by fund is available in the attached proposed ordinance, as well as a department level detail in the attached full proposed budget.

Note that a portion of this projected balance is unavailable for spending due to reasons including investment in capital assets, inventory, emergency TABOR reserves (as required by the State of Colorado), and required debt reserves. These unavailable portions of reserves are projected at \$15,091,564. This results in a projected Ending Available Fund Balances for all funds, as of 12/31/2025, at \$21,338,909 (see table below under Financial Impact).

Financial Impact: Overall, the Town's fund reserves demonstrate the Town is prepared to weather an economic downturn with a 7-month reserve in the General Fund and conservative and strategic budget approach. Additionally, the Town maintains a contingency plan, identifying core and less essential spending that can be trimmed from the budget, as needed.

In summary, total estimated ending fund balances for all funds equals \$36,430,473. The table below provides a snapshot financial summary at the end of 2025 for all of the Town's funds, including detail of the portions of fund balances that unavailable for spending.
