Why are you interested in serving on the commission? _____

I've regularly visited Frisco since I was young and have been a full-time resident of Frisco for the last 3.5 years. I have seen the town grow and change, generally for the good. I'd like to serve on the commission to help continue to improve our community.

Why do you believe you are qualified for appointment? _____

I keep up with the Frisco Town Government plans and announcements. I currently serve on my townhome's HOA. I'm thoughtful when listening, researching, and providing recommendations. Living here full-time, I have a vested interest in improving and growing our community to meet its residents' needs while maintaining our small mountain-town character.

What training, experience, education, or skills do you have that would enhance your ability to serve on the commission? _____

I am a quick learner, good listener and thoughtful thinker. Professionally I am an operations and product management expert. I regularly employ long term strategic planning and tactical execution skills to build web-based products that suit the needs of the customer and benefit the company. I would use these skills to help make thoughtful recommendations to the Frisco Town Council.

What do you think are the major issues facing the Town of Frisco? _____

Affordability – People who work here, can't afford to live here.
Sustainability – we need to ensure we're environmentally conscious with Town plans.
Communication – we need better cell service throughout all parts of Town.
