Capital Improvement Fund

Major capital projects are budgeted in the Capital Improvement Fund. By Town ordinance, any General Fund balance in excess of the required reserve is to be transferred to the Capital Improvement Fund. The other major revenue source for this fund is real estate transfer fees. Major capital projects are only those items costing \$5,000 or more; repairs and maintenance are not capital projects. There is no required reserve for this fund.

OPERATING BUDGET IMPACT

Description	Project is not anticipated to have a significant operating budget impact as the roadway infrastructure of Highway 9 is maintained by CODT, and the restoration does not impact staff or major changes to existing systems. The landscaping in the medians and roundabouts will be designed to be low maintenance and low water use. All vegetation will be of the natural type (e.g., no annual flowers or turf areas).

Project Name	Highway 9 Sidewalk Improvements	Project Start Year	2023
Category	Improvement	Est. Project Complete Year	2024
Department	Public Works	Strategic Priority	Community, Core Services
Recurring?	Non-Recurring	Account #	20-2000-5086
Location	Sidewalk along Highway 9 in front of Walmart and continuing south between Hawn Drive and School Road		
Project Description	This improvement is based on a complete redesign of the sidewalk between Hawn Drive and School Road, and adding a new pathway between Walmart and Hawn Drive. This design creates an elevated sidewalk that would create a better user experience and increase the maintenance of the sidewalk itself. This design would allow Public Works to keep this stretch of sidewalk maintained and opened all winter season. Will be working with Town staff, grant writers and CDOT on procuring a TAP Grant.

Location	Visitor Information Center located at 3rd Avenue & Main Street		
Project Description	The men's and women's bathrooms at the Frisco/Copper Visitor Information Center, located at the corner of Main Street and 3rd Avenue, see tremendous visitor and resident usage, as these are the only public restrooms available seven days a week in the Main Street area. The current restrooms at the Visitor Information Center were constructed in 2002, and at that time ADA access to the Information Center was added through the restrooms. ADA access and the size of the men's restroom is inadequate for current needs, and the condition of these 20-year-old restrooms warrants updating. In January of 2022, Council directed staff to pursue an addition to the VIC building to create updated facilities design to accommodate increased demand over the next 10+ years.

Department	Administration	Strategic Priority	Economy, Core Services
Recurring?	Non-Recurring	Account #	20-2000-5098
Location	Throughout town		
Project Description	In addition to implementing a portion of the Fiber Infrastructure plan that the Town received proposals for in 2022, the Town also needs to invest \$170,000 in infrastructure at the Marina and PRA to extend service to Town owned buildings. Additionally, the cost of running conduit along Granite Street related to the Complete Streets project is estimated to cost \$350,000. Future years contemplate construction of fiber infrastructure to connect Town Buildings to Project THOR and to eventually connect Town businesses and residences. The numbers forecast for future years are very preliminary and will be updated once the planning process has been completed.

Recurring?	Recurring	Account #	20-2000-5096
Location	Throughout Town		
Project Description	In 2022, the Town of Frisco released an RFP for a 5-year arts and culture strategic plan that would express the mission, vision, and path to implementation of arts and culture programming in Frisco. Based upon this plan, the Town of Frisco will make future decisions regarding engaging a diverse group of participants in public art. As a part of this process, future funding sources and best practices for a successful arts council will be explored. Until the completion of the Strategic Arts Plan, it is unknown how the funds will be allocated. That will be decided by Town Council after the presentation of the plan.

Category	Equipment	Est. Project Complete Year	ongoing
Department	Public Works	Strategic Priority	Core Services, Environmental Sustainability
Recurring?	Recurring	Account #	20-2000-4101
Location	Across Town owned facilities		
Project Description	Vehicles and other equipment are replaced on an annual basis, according to the Vehicle and Equipment Replacement schedule. In recent years, vehicle and equipment purchases have been delayed due to the Covid-19 pandemic. Staff recommends catching up to the previously determined replacement schedule. For the 2023 budget, Staff recommends also appropriating funds for vehicles that are scheduled to be replaced in 2024 so that early orders can be placed, alleviating supply chain struggles. This is particularly useful in cases where opportunities can be leveraged for electric and hybrid vehicles. Many of these vehicles won't be delivered in 2023 and the appropriated yet unspent funds will be rolled over to 2024.

Water Fund

The Water Fund was established to finance and account for the acquisition, operation and maintenance of facilities, services and water rights associated with providing water to the Town. The primary revenue sources include user charges and water tap fees. In 2019, a water rate study was conducted and new rates and tier structure were implemented effective in the 3rd quarter of 2019. This fund has a four month required reserve; the projected 2023 fund balance far surpasses that requirement.

Housing Fund

On November 7, 2006, the voters of Summit County approved the Summit Combined Housing Authority (SCHA) Referred Measure 5A, which authorized a temporary (10 year) sales and use tax of .125% and a development impact fee of two dollars or less per square foot of new construction to be used for affordable housing purposes. Subsequently, the Town of Frisco entered into an intergovernmental agreement with other area local governments to share these revenues. In 2015, this tax was extended in perpetuity. In 2016, Summit County voters approved an additional, temporary (10 years) .6% sales tax to the existing sales tax, effective 1/1/17, making the current tax rate .725%. In 2021, this tax was extended for another 10 years. In 2022, Frisco voters approved a 5% excise tax on short term rentals (hotels are exempt) dedicated to workforce housing. There is no required reserve for this fund.

Location	602 Galena, current State of Colorado Workforce Center		
Project Description	As the Town continues working towards the goal of increasing availability of workforce housing, additional projects will become available. In 2022, the Town will approved a \$3 million supplemental appropriation to cover the cost of purchasing 602 Galena Street. The budget also included an anticipated additional \$1.5 million in partner contributions from the County. The building is currently home to the Colorado Workforce Center run by the Colorado Division of Labor and Employment. Owned by the state, the 0.72-acre parcel includes a 4,153-square-foot building that currently houses 11 employees. Town staff estimates the property could support a range of 27 to 36 residential units, mixing studio, one- and two-bedroom rentals with an average size of 750 square feet, to include office space for the Workforce Center and potentially a childcare facility.

Lodging Tax Fund

Lodging Tax Fund was established in 2004 to account for a new, voter-approved 2.35% tax imposed upon lodging establishments. Expenditures are restricted to economic development, special events, advertising and marketing, recreation amenities, multi-purpose facilities and open space and similar uses. The decision as to the proportion of revenue to be allocated to any of these uses is determined by Council. Currently, the Information Center receives 45% of these revenues, 20% is allocated to marketing and economic development, 20% is to be used for recreation and the remaining 15% is allocated for operation and maintenance of recreation/tourism based Town facilities. In 2009, the Town assumed responsibility for the operations of the Information Center. There is no required reserve for this fund.
