- SCP raised tuition over 40% the last 5 years.
- Another 10% tuition increase this May.

# TUITION ASSISTANCE

- We are also thankful for the Town of Frisco tuition assistance program.
- This assistance allows SCP to increase the tuition rates as we have done.
- We have not seen a significant increase in the families qualified for tuition assistance.
- Approximately 2/3 of SCP families get some level of assistance. (Head Start-CCAP-SPK-Circle Grant)
- Two families receive Frisco Tuition Assistance.
- With our rate increases and the countywide tuition assistance program in the works, we anticipate more families qualifying for assistance.

# CLOSING THE GAP

**Today we are asking Town of Frisco to support SCP with a grant of \$80,000 for capital improvements to continue to provide quality child care in a safe, secure and modern facility.**

## **Potential opportunities if awarded this grant:**

- Updating classroom experience: cabinets, countertops, shelving (storage).
- Updating safety and security measures (door locks, entrance access, etc.)
- Updated and additional playground/play space items.
- Building safety updates (roof heat tape/gutter and drainage system).

**If the school continues to defer maintenance and capital improvements, this will directly impact the quality and safety of the school environment.**
