Why are you interested in serving on the commission?

I've been interesting in city planning for years and keep up with the Town of Frisco council meetings and community plans. I care about our town and want to provide a service to better the community for the next generations. Being part of a community that is evolving & expanding would allow me to help shape the town's future growth initiatives. I find that really exciting.

Why do you believe you are qualified for appointment?

I'm passionate about Frisco! I'm accustomed to identifying and addressing complex challenges, gathering & analyzing data, and making informed decisions. I believe I can navigate diverse perspectives, facilitate dialogue and build consensus to develop comprehensive community plans. I'm also willing to develop a solid understanding city planning principles and practices.

What training, experience, education, or skills do you have that would enhance your ability to serve on the commission?

I have over 30 years of software product management experience and have spent a majority of my career collaborating with cross-functional teams, communicating with stakeholders & managing competing priorities. I believe these skills are transferrable to city planning roll. I thrive in environments that allow me to use my analytical & problem-solving skills.

What do you think are the major issues facing the Town of Frisco?

Balancing the population growth, increased tourism, affordable housing needs, and infrastructure while perserving the town's character and natural environment.
