Vision

Provide PK-12
Community
School in
Frisco

Enable local
students to
interact with
nature

Create a sense
of adventure

Support
community
organizations

Enhance the
uses of the
PRA

Support local
student
athletes with
direct access to
trails

What is The Peak School?

75%
Of students
receive
assistance

**Currently 6th
- 12th Grades**

82
Local
students

\$591,000
In tuition
assistance

6:1
Teacher to
student ratio

Expanding Education Options

Adding a new Forest Pre-K option for Summit County

Creating an independent elementary option

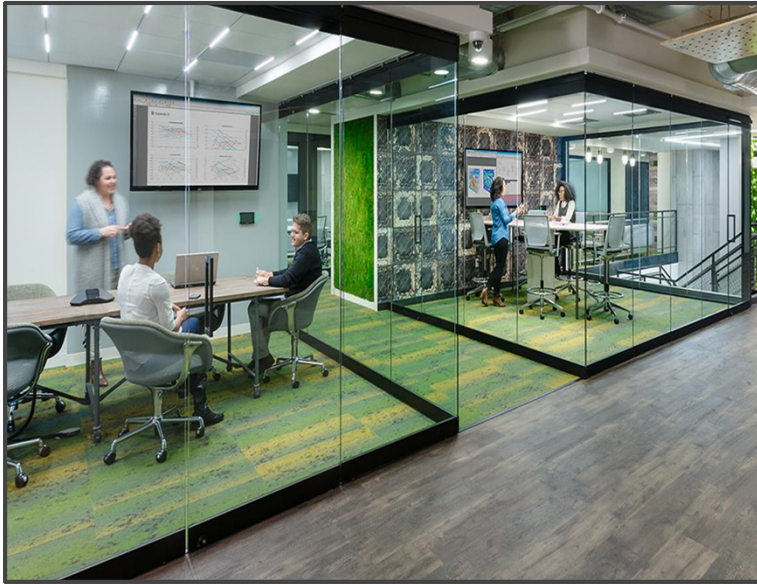

Nature as the Classroom

Enhancing opportunities for local school-age children to enjoy outdoor recreational facilities managed by a school with a robust, mandatory Outdoor Education program

A Community School with Community Spaces

A Community School with Community Spaces

Including public restrooms and locker rooms that are accessible to the community

A Community Resource

A resource that supports a wide range of community activities:

- Summer Camps
- Elite athletics and training
- FIS Certified Races
- After-school programming
- Nature-based programming

Main Street Opportunity

Current location offers an opportunity for creativity and control in implementing the Main Street Master Plan

We are asking the Town Council to authorize Town staff, working with The Peak School, to develop a ballot initiative that would authorize the development on the Peninsula of a community building (with parking) that would house public facilities including bathrooms and lockers, a new pre-K through 5 school to be managed by The Peak School, and grades 6-12 which are currently served by The Peak School. The building would be paid by The Peak School, not local residents or tax money.
